Re. Telephone Bills.

With reference to your letter No.~~AG~~.406/42-43, dated 24th September 1942, regarding the above, I have the honour to state that formerly there were no Telephone connections to the residences of the Health Officer and the Municipal Engineer. As these officers were very necessary officers in the A.R.P. scheme, proposals were submitted for giving them telephones and the Secretary, Electrical Department, while conveying sanction to the shifting of telephones, intimated that the cost of these may be borne by the Mysore City Municipality. When this placed before the Council on 9th February 1942, the Council resolved that they have no objection if the cost is met out of Government (~~Copy enclosed~~).

2. In these circumstances, the Secretary to Government, Electrical Department was addressed in this office letter No. ARPT. 176 dated 12th August 1942 to obtain sanction of Government to which he replied that the question has to be dealt with by you.

3. I request you kindly to obtain sanction to meet the cost thereof out of the allotment made for A.R.P. The phones may be removed immediately after the war, if the Municipality should refuse to pay for their maintenance afterwards.
